Home of Record: Hyde Park, NY

Date of Birth: April 5, 1947, Age at time of loss: 20, Single
4th Infantry Division, Binh Dinh Province, Republic of Vietnam

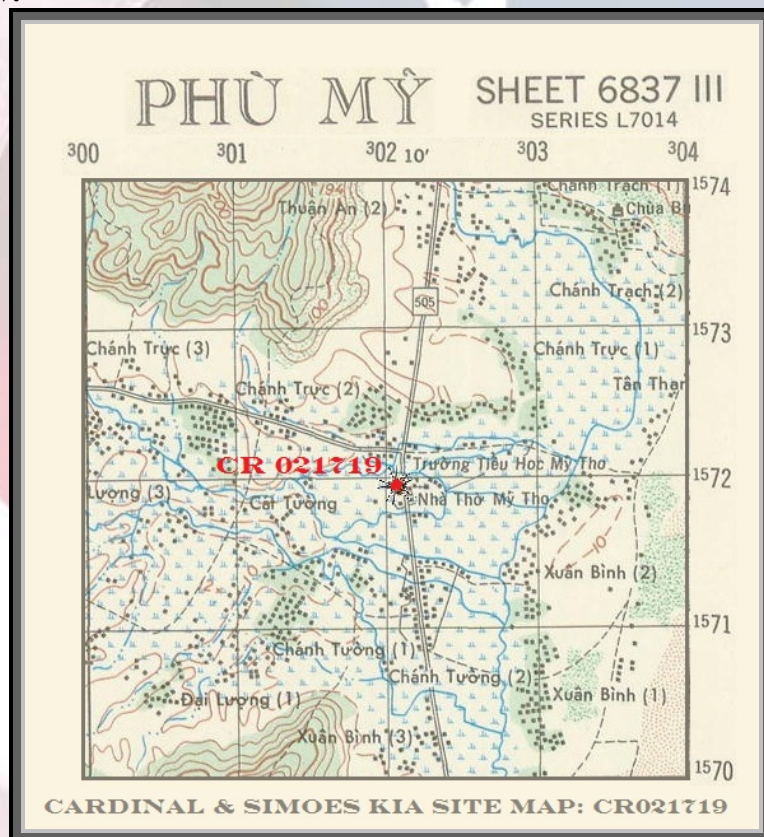

Start of Tour: September 1, 1967, Date of Casualty: April 1, 1968, Days in Country: 213
Casualty Type A1, MFW, Panel 47E - Row 030

David Cardinal was killed in action when the APC he was driving hit a pressure detonated land mine. Also killed in the blast was Anthony Simoes. Both were members of the HQ Company Flame Platoon.

Flame APCs worked with the Line Company's and Cardinal and Simoes were working with "B" Company when killed. However, since several Flame APCs had been lost or damaged, the over strength Flame Platoon allowed volunteers to accompany line companies to the field as riflemen. We believe they were NOT in a flame APC that day as no documentation indicates "Flame APC", in addition to the fact that a loaded flame APC would likely have produced a larger explosion and would have only had two occupants (a third man was wounded).

A map of the area where Dave Cardinal and Anthony Simoes were killed is shown below:
